

Very short for my first year

Everyone knows how hard it is to join and make friends in a new area and join groups.

When we arrived in Merimbula we joined the Jazz club we knew a few people so it was a start. I did not expect to become Secretary within a few months but well it happened.

My first year has been a whirl of trying to put faces to names and learning how things work.

Some older members didn't like me because "I don't suffer fools gladly" as they say, this may upset some but that's me.

This last year we have had 4 meetings. I have received 10 letters and emails passed to relevant persons. It has been quiet but allowing me to see who does what.

We all know the Jazz Festival was a great success and the monthly Gigs at Club Sapphire very entertaining and enjoyable.

Karan Walker, Secretary
